MR. HAROLD L. ZINNECKER

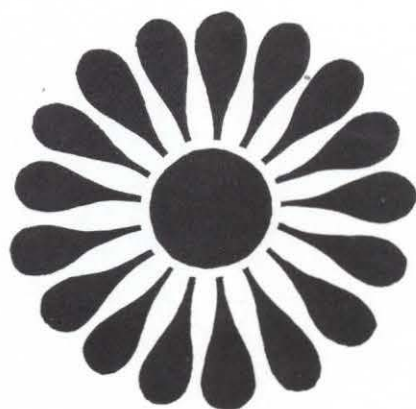

The Scout annual staff dedicates the 1970 Scout to Harold L. Zinnecker. Mr. Zinnecker is an outstanding example of the dedicated people who are serving and have served as members of the Board of Education of the David City Public Schools.

Mr. Zinnecker became a member of the Board of Education in 1940. He has been the Secretary of the Board of Education since 1942.

Mr. Zinnecker has received state wide recognition for his work in education. He has held several offices in the Nebraska State School Boards Association, and was president of this organization in 1968. Mr. Zinnecker also received the Distinguished Service Award from the Nebraska Schoolmasters Club.

By the dedication of this annual we wish to express the appreciation of the David City High School students to Mr. Zinnecker, and to all members of the Board of Education both present and past.

Classes

This energetic Algebra I class seems to know all the answers.

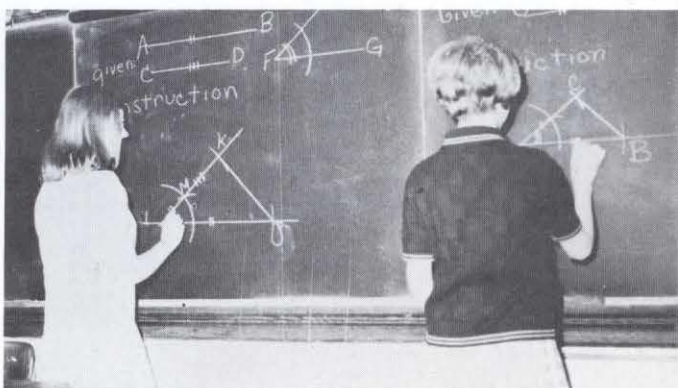

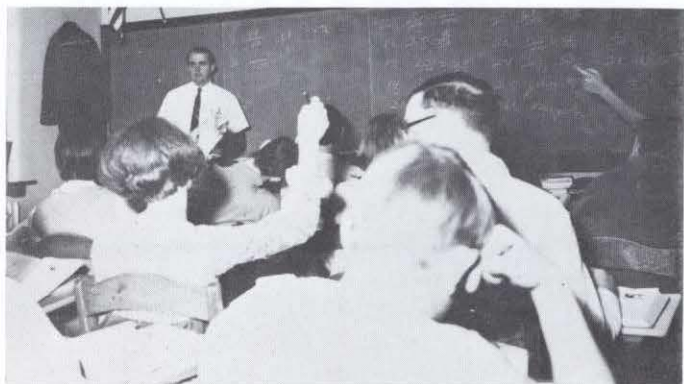

Carmen Glock and Gaylene Connery show the class how to add negative and positive numbers.

Terry Cook explains how to find the volume of a cylinder in Advanced Math. Does Connie Siffring understand?

General Math teaches basic principles of forthcoming mathematics.

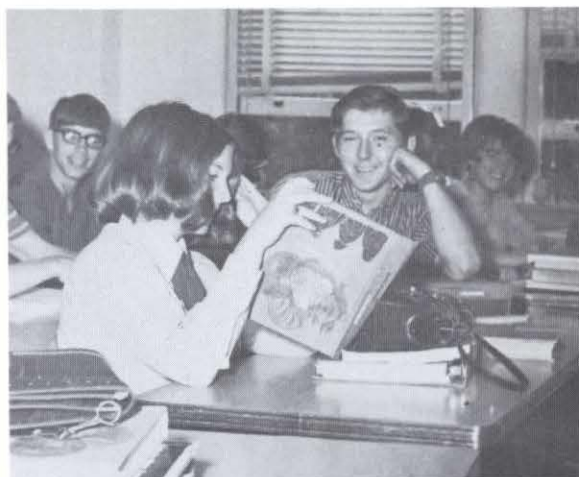

Janet Newsom and Diane Lanc find that construction is a major part of the study of Geometry.

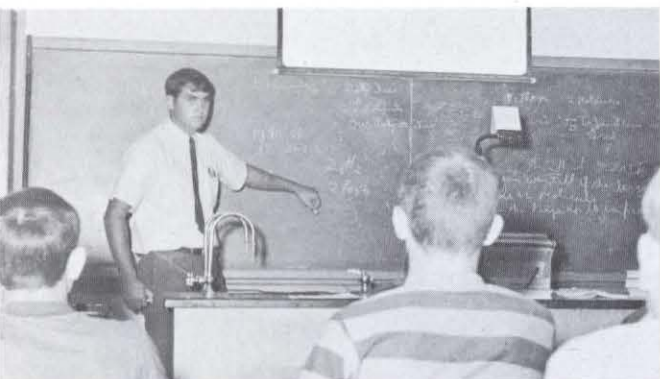

Would you believe these are Seniors taking Advanced Math?

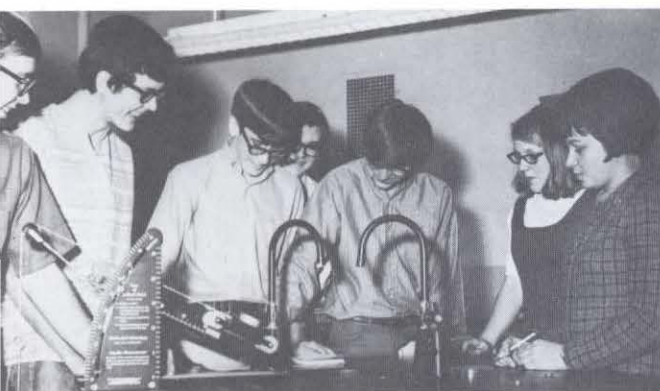

Mr. Rasmussen explains chemical formulas to the Chemistry class.

Some people think Chemistry is Greek. Can this be why?

The General Science class receives an introduction to Chemistry.

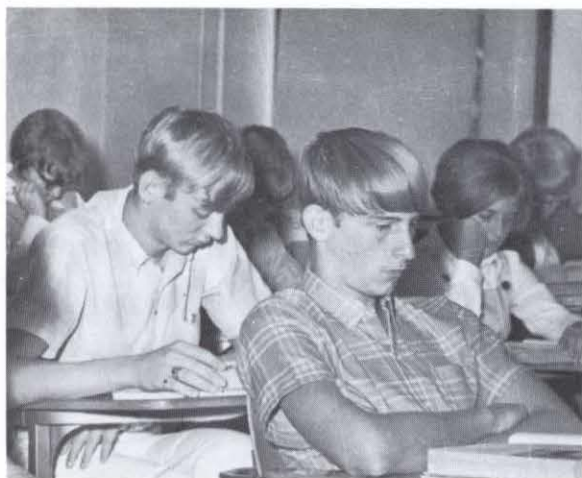

Physics students study the many aspects of nature and the universe.

The Biology class listens as Mr. Rasmussen explains the parts of the ear.

The Physical Science class studies a combination of the many sciences.

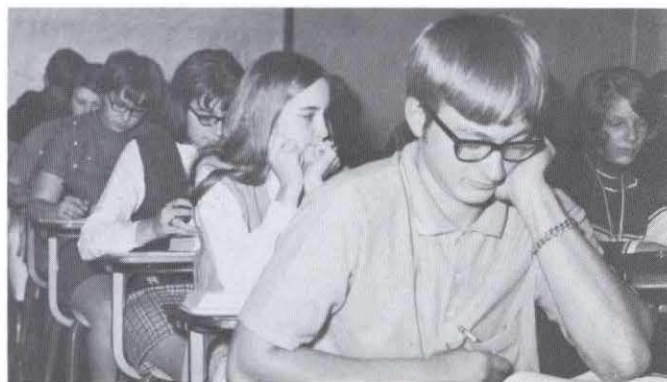

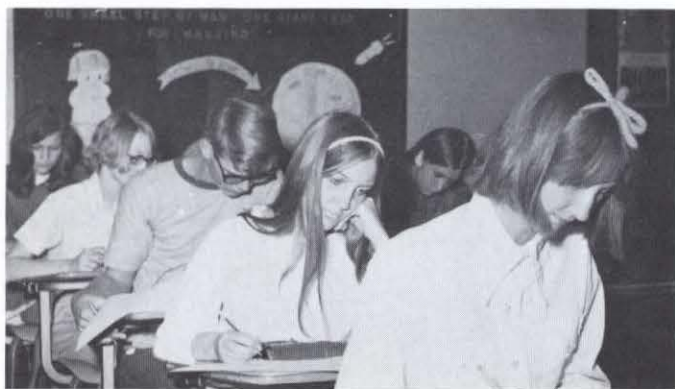

One section of World History, this year was taught by Miss Alberts.

In American History, students learn the background of our country.

Cherie Pelan seems very interested in Modern Problems.

This is the section of World History taught by Mr. Maret. Students learn of famous events that occurred throughout history.

This group of Seniors is studying hard in Modern Problems.

Dick Mohler gives a speech in Geography.

The Race is on!

Bookkeeping students learn useful information for the future.

Steno I students ponder the question, "Do these scribbles really mean something?"

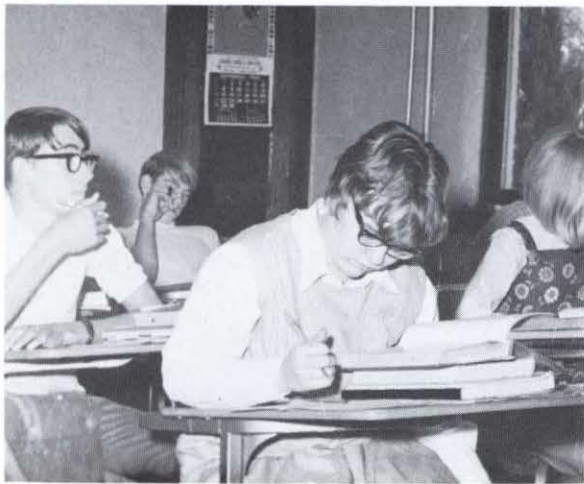

Steno II is a preparation for secretarial work.

In Office Machines the girls learn the fundamentals of efficient machine operating.

Spanish I students learn the basic rules of this foreign language.

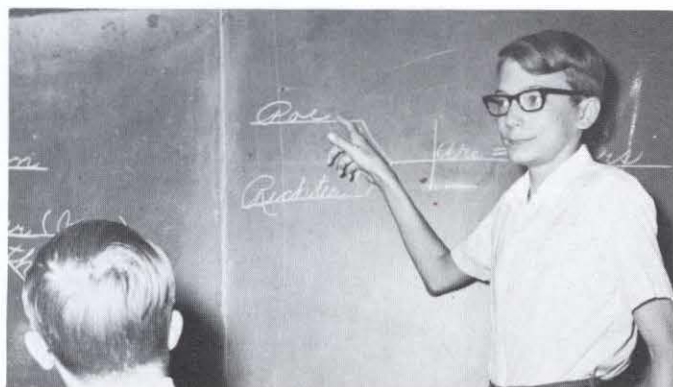

Louise Svoboda is the only Spanish II student.

English I students learn to compose their own stories.

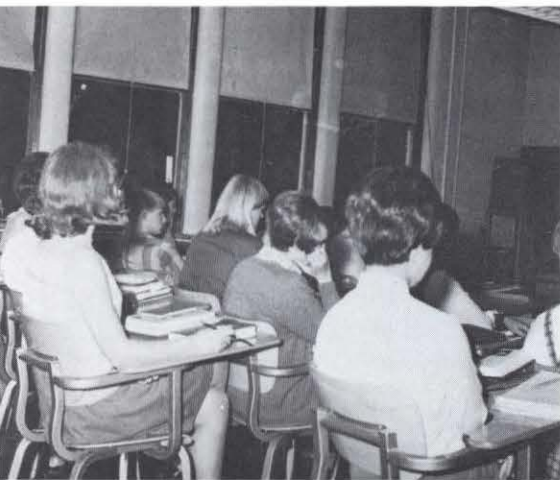

Educational television is a great help to the Junior English class.

Mark Weber shows the English II class how to diagram a sentence.

The Senior English classes discuss English literature and many other topics.

An attentive audience is a great help in the presentation of a speech.

The student Home Ec. teachers this year were Miss Carleen Weidner and Miss Dorothy Smeal.

First year Home Ec. students learn the preliminary aspects of the running of a home.

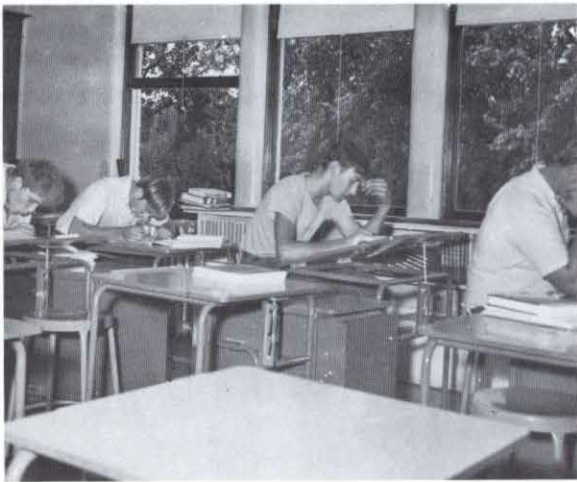

With only six students, the Home Ec. II class gets much individual attention.

The Home Ec. III class studies things that will be useful after graduation.

Kristy seems more interested in the camera than in her Home Ec. III assignment.

Tom, Gerry, Bob, and Jim are learning to master the art of mechanical drawing.

Voc Ag I students learn the fundamentals of farming.

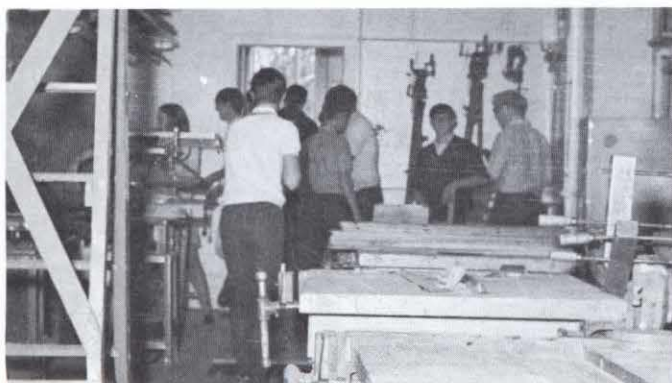

Jim Litchfield concentrates deeply on his Voc Ag II assignment.

These boys are finishing up on their Shop I projects.

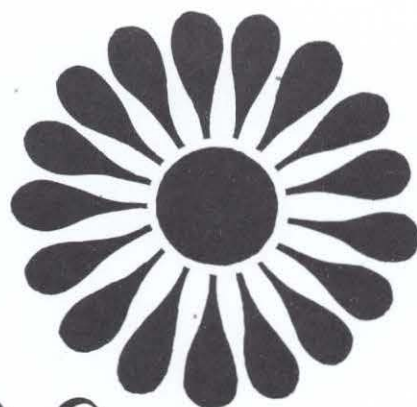

Voc Ag IV boys get into some pretty lively discussions, right Norm?

These Shop II boys must be camera shy.
