UNDER CONSTRUCTION

The theme for the 2016-2017 David City High School yearbook was decided by the staff. Along with the construction being done to our school, we learn to build our character through the struggle we all face. Life. We also thought "Under Construction" related to the senior class. They have grown and built their legacy throughout their high school years. Now is it their chance to lay their own bricks and start on their journey to a successful future.

INTRO TO SEPTEMBER

SOFTBALL

Above: Head Coach, Greg Jahde sending 3rd base runners home.

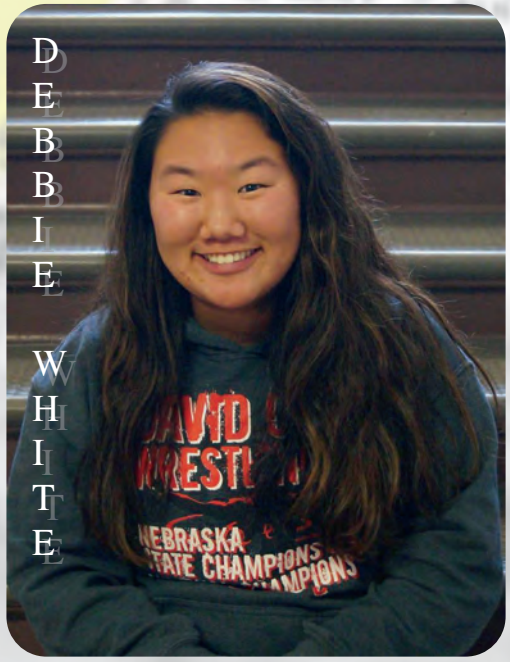

In the 2016 season for softball, there were two additions to the team, a new assistant coach and a whole new school combined. Shelby-Rising City was combined with the DC-EBHS softball team. Adding a lot of talent and challenges to each player.

"Throughout the season we had two big goals: beat Lakeview and do well at districts. We achieved one of the two, although we didn't make it to the state tournament, we beat the #2 seed at districts. The bond between the 10 seniors we had was awesome, we had several girls who could play in a lot of different positions. I really enjoyed my first year coaching," -Assistant Coach Jenna Beringer.

This year's Homecoming theme was "Life Is A Circus". Life is crazy, unexpected, filled with a wild range of emotions just like a circus. Under the big top, you can go from laughing your head off to holding your breath in fear in just a matter of moments. As in life, the circus is filled with some odd characters, many of which have a great deal of knowledge to share if only we look a little closer.

ONE ACT

This year's One Act performance is definitely one to be remembered! In the "Phantom of the Playground", a story was portrayed where 4th and 5th grade students know not to touch Carlotta's swing during recess. If they do, Carlotta will bully them. It begins when the playground ghost terrorizes the students and the administration of the elementary. The phantom drives Christine crazy and convinces her to swing on Carlotta's swing. Carlotta is not happy about it. The ghost demands that they let the students swing on Carlotta's swing even though her dad is a lawyer. Meanwhile, Raul is helping Christine with her math homework. The phantom of the playground becomes furious over the fact Raul had been tutoring Christine. Christine betrays Raul and joins the side of the phantom. In the end, the phantom takes his revenge by defeating the administration with silly string.

COACH'S VIEW

"Overall, I thought it was a fun season that saw quite a bit of improvement and getting back to being competitive again. It was a bit of a roller coaster but we seemed to win games at times that kept us hungry throughout a long season. We had a good mix of older and younger guys, and I thought our senior leadership from Matt, Obet, Ross and Joe was excellent. Their effort and quiet compativeness was an awesome thing to have something that I hope our underclassmen will embrace for the years to come."

"We had a weaknesses just like any team but we had strengths that overcame those weaknesses. We were a smaller team that relied on quickness, competeveness, and teamwork to get the job done. I thought for a better part of the season, we played with a true team concept and we had guys in places they could be successful and play to their strengths. Doing these things attributed to us not turning the ball over a lot. which I felt was our biggest strength, especially in the games that we won. Our major weakness was rebounding. That is something that has to change in order for s to be even more competitive and build on our 6 wins next season. While i agree tat a lot of rebounding is desire and mental toughness, it is also a lot of height/length and athleticism and strength. We can really only control one of those so, time spent in the weight room this off-season will be crucial in improving."

Matthew L., Middle Post
What were you thinking coming into your senior season with a new head coach?
"I had a lot of different questions such as what would the defense be or the new offense. Although, I knew Coach Carraher from weights class. I was more nervous for the actual season other than the new coach."

Obet F., Middle Post
What did you improve on the most this season?
"I think I improved my post game and rebounding."

GIRLS BASKETBALL

Left:: Junior, Silvia H. looking for an open teammate to continue the movement of the offense against Schuyler.
Below: Junior, Jessica K. jump stopping in the lane to get a better look to pass to a post against Wilber-Clatonia.

The Lady Scouts basketball team had a rough start to the season. This season has been all about learning and improving. This years team, had very little varsity experience as they entered the season. Head Coach, Nathan Wall, is building this program step by step. He sees the improvement made by every player over the season. The main defense used in the season was man to man. There was a lot of close games for the Lady Scouts. David City holds a Holiday Tournament, which the Scouts came into with heads held high. Winning first round against DC West, then playing Aquinas Catholic coming up Runner- Up for the tournament. Although, the Scouts ended the season with a losing record, there was improvement seen throughout the season. There was a lot of team chemistry throughout the season.

Left: Juniors: Renee B. and Olivia C.
What was your favorite memory from this season?
Olivia C.- "When Lauren fell on the floor really hard and laid there for a few minutes."
Renee B.- "My favorite memory was how close we became with each other this season. From bus rides to jamming in the locker room, it made me think how I couldn't live without my basketball family, even if Coach Wall is a little dysfunctional."
Right: Sophomore Macy S and junior Chaquoya G.
What was your favorite game and why?
Macy S.- "The DC West game at the Holiday Tournament, and it was our first win of the season. In addition, I got awarded the All-Tourney Player."
Chaquoya G.- "The East Butler game because we played until the end and came out with a win.

Above: Sophomore Macy S. brings the ball down at the Lakeview game.

Amber B.- "My favorite part of the season was being part of every close and intense game, and watching my team overcome every challenge that we were faced with."
Lauren H.- "My favorite part about this season was closer to the end. The last 8 or 9 games, we played with great intensity and were right there with the opponent in the end."

Right: Sophomore Allie D. and junior Silvia H.
What do you think you improved on the most?
Allie D.- "I became more confident with ball handling and shooting the ball. I also thought I was a good leader."

dignity in life

Sometimes heroes don't wear capes, they simply wear a smile... and their superpowers are patience, empathy, and compassion.

At David Place, we know heroes. Our team members are committed to making a positive difference in the lives of those they care for.

David Place is a recognized leader in health care, a preferred place to work, and a great place to gain experience as a nurse assistant or in the dietary field while in high school and beyond.
